Delfim Dias
Sohio Alaska Petroleum Company
3111 "C" Street
Anchorage, Alaska 99502

Dear Mr. Dias:

We have evaluated your April 27, 1983 letter regarding the transfer of turbine horsepower from GC-1 to GC-2 at the Prudhoe Bay oil field. Based on the information submitted, our technical staff has determined that the transfer will not result in an increase in emissions or in maximum impacts for the project. Therefore, the transfer is approved.

Since the unit will be subject to the emission limitations and compliance demonstrations outlined in PSD No. PSD-X81-01, independent PSD review for the equipment is not required. Furthermore, since this is an administrative change the PSD permit will not be modified which obviates the need for public participation.

Sincerely,

Michael M. Johnston, Chief
Air Operations Section
